MEMORANDUM FOR: Director of Communications
Director of Data Processing
Director of Finance
Director of Logistics
Director of Medical Services
Director of Personnel
Director of Security
Director of Training
Chief, Information Services Staff

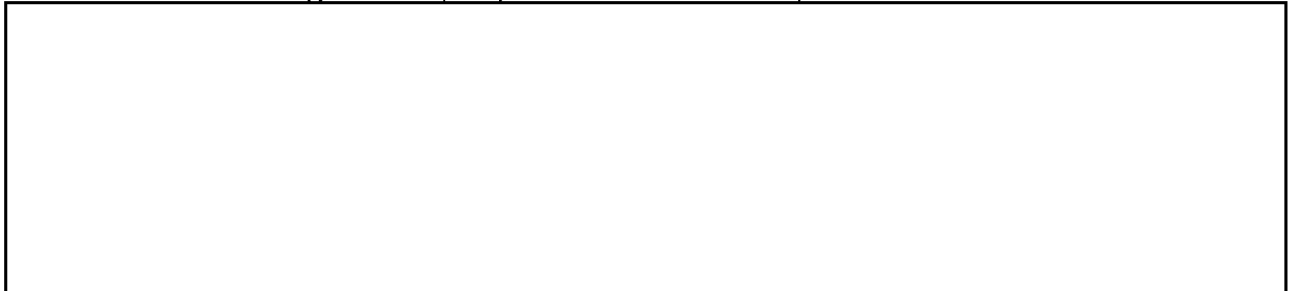

FROM: Clifford D. May, Jr.
Associate Deputy Director for Administration

SUBJECT: Long-Range (10-Year) Communications
Requirements ☐

25X1

1. The Office of Communications has initiated a project which will ultimately lead to the replacement of its existing data and message relay systems. The scope of this effort

25X1

In order to define the user needs upon which the system requirements and resultant network architecture will be based, a directorate-level user coordination group has been established. This group will serve as a focal point for identifying user communications requirements for OC. In addition to directorate representation, this user group also includes representatives from the Office of Data Processing. ☐

SUBJECT: Long-Range (10-Year) Communications Requirements ☐

2. OC has tentatively identified five classes of service for which new requirements are being solicited:

MESSAGE SERVICE

Narrative message

Data message

GENERAL (NON-MESSAGE) SERVICE

Interactive

Transactional

Bulk

OC personnel will define each class of service and provide examples at a kickoff meeting discussed below. ☐

3. In soliciting new communications requirements, no attempt is being made to catalog existing requirements that are currently being satisfied. Rather, you are requested to identify only those requirements that are:

- New;
- Not presently being satisfied; or
- While presently being satisfied, will change significantly during the planning period.

This call for communications requirements is very different from OC's annual call for requirements as a part of the yearly program/budget process. The annual call relates to your more immediate needs, whereas this call is directed at longer-term requirements. ☐
